PURPOSE

The purpose of the Stewart County Friends of the Public Library is to provide support and assistance to the programs of our local library. This help is both physical and financial, as well as helping to promote awareness of services and programs provided by the library. Due to the economy and budget cuts, funds for these programs and services have been significantly less in recent years. The Friends strives to pick up that short-fall so that quality programs and services provided to the county remain a part of our local public library.
